THE MIDDLE CLASS ARE THE TARGETS

- The LGAs in Sydney affected by the latest restrictions are all in middle class & low income suburbs.
www.nsw.gov.au/covid-19/rules/affected-area#map-local-government-areas-of-concern
- The Delta strain is so deadly that it can't travel across the harbour bridge, go on the Manly ferry or visit Bondi and the eastern suburbs.
- Middle class areas are the hub of small business.
- Construction industry pushing for mandatory jobs, unions failing their members.
- Does the benefit outweigh the risk of thousands of small businesses, livelihoods & families being destroyed?
- Calls to Lifeline at a record high.

We have tolerated a minority group of elites who are hellbent on crushing our economy. The middle class built this country. The middle class are the backbone of Australia and they are being systematically destroyed.

It is time to SUPPORT SMALL BUSINESS

- 1) Coles & Woolies are making record profits while small business suffers. During lockdowns we are not given freedom of choice of where to spend our hard earned money.
 - 2) Government employees are okay, they get paid no matter what.
 - 3) Taxpayer funded government handouts are not the answer.
 - 4) Small business owners do not want handouts, they want to trade.
 - 5) The future of the government welfare wagon is bleak.
 - 6) Every Australian deserves financial independence, and personal freedom.
 - 7) Australians do not deserve to be slaves of the state. You better sit up and take notice, or that will be your future.
-

**If we let them shut us down during an emergency,
they will create emergencies to keep us shut down**
