

# AN AUSTRALIAN LOG OF CLAIMS

**KOOKA SHOOKA**

**CORRUPTION  
DISRUPTION**

UN, Political & Other Vermin  
given the Kooka Shooka treatment.

**GUARANTEED !!**

*This Log of Claims opens with the dramatic words “A spectre is haunting Australia —the spectre of the Khazarian Mafia and their Central Banking WEF Cartels” and ends by stating, “Ordinary Australians of all races, colours, and creeds have nothing to lose but their chains. We have a new world, it is ours to win. Australians and the peoples of all countries of the World, Unite.”*

# OPENING STATEMENT

Since the beginning of the Plandemic, all Australians have been shaken to their very core, and many awakened – to the realisation that our country is being held hostage by a Global Crime Syndicate acting in partnership with a Domestic Cabal of Secret Societies who swear Secret Oaths and Allegiance in Treason of our Nation.

The conditions of existence for ordinary Australians during this time have become unbearable. And has seen our fellow Aussies having their lives, liberty, sovereignty and wealth Stolen, Threatened and Destroyed.

The Australian people have experienced and witnessed the utter betrayal inflicted upon them by every state owned institution and in accomplice with every corporation that is connected to the World Economic Forum. The Australian Trade Unions and State

Police Forces are also up to their necks in the betrayal.

In the year of our Lord 2023, the Australian people now comprehend that these attacks upon our lives, liberty, sovereignty and wealth are only going to increase both in volume and severity.

It is well past time for our Nation and her People to act in the best and highest interests of every Australian. No longer shall the Australian People allow any further control, manipulation or infiltration by any other Hostile Nation, International Corporations, and Secret Societies.

To this end, the Australian People will now take steps to sever all Covenants and International Treaties and Contracts – and the Money Printing Gangsters, by way of declaring our National Independence from all those who are intent on destroying our way of life and enslaving our people.

## WHY IS THIS BEING ORGANISED?

The Freedom Movement has been infiltrated, fractured and our country has reached a crisis point; With respect to -

- *Violence meted out to vulnerable and defenceless people by Law Enforcement Agencies*
- *Blatant Election Fraud making it impossible for political reform*
- *Continued unlawful Covid-19 mandates, despite the narrative collapsing under the weight of it's own lies.*
- *Australian funds, military equipment & personel being sent to serve along side vicious Nazi's in Ukraine – exposing them to charges of War Crimes*

The current political, law enforcement and judicial climate has demonstrated itself to be dysfunctional and compromised. The normal tools

of advocacy – elections, lobbying, grassroots pressure, have all become impotent and useless.

The Globalists control the political process and the media. They have nearly limitless resources.

But it is us, who possess the power to create, the power to love, the power to do God's will – which will lead to their utter defeat. The point is to bring individuals and groups together who support an Australian National Log of Claims so that all of us Freedom Fighters can leverage off our common numbers

The time has come to engage in massive, non-violent action to build a culture of resistance in order to take power away from the WEF, UN, WHO + all Australian Government agencies and build a Country that we can all love and live peacefully in.

## ENDING STATEMENT

“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed. That, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organising its powers in such form, as to them shall seem most likely to affect their safety and happiness.”

### *NATIONAL LOG OF CLAIMS*

*The modern Australian Family, instead of rising with the process of industry, sinks deeper and deeper below the conditions of existence of his own Working Class. He becomes a Pauper, and Pauperism develops more rapidly than population and wealth. And here it becomes evident to all Australians, that these Central Banker Australian Bitch Governments are unfit any longer to be the ruling class in Australia's Society, and to Impose its Conditions of Existence upon the rest of us within Australia's Society. These Central Banker Australian Bitch Governments are unfit to rule because they are incompetent to assure a decent existence to their indebted slave within their slavery, because they cannot help letting him sink into such a state, that it has to feed him, instead of being fed by him. Society can no longer live under this these Central Banker Australian Bitch Governments, in other words, their existence is no longer compatible with the survival of Australia's Society.*

Commended to you  
and seeking your active support
